

PREGNANCY

WELLNESS GUIDE

calgary health region

Congratulations

ON YOUR PREGNANCY!

There are many things that you can do for yourself and for your baby to be healthy and to prepare for parenthood. As you ask yourself these questions, you may find you are doing well in all areas of your life. Or you may find you want or need more information or help. Remember, this is not a test – it's to help you understand what can make a difference to you, your baby, and your family. If you have questions or need help, call one of the resources listed in the resource boxes or talk with your doctor, midwife, childbirth educator, or public health nurse.
